

Raffles. Inspiring great minds.

Every element carefully considered. Every space calm, contemporary and creative. Sublime service... And all perfectly positioned at the heart of one of the most exciting, energising cities on earth.

Welcome to Raffles Istanbul.

For over a century, Raffles hotels have been known as the meeting place for great minds; very special places where imaginations can take flight and inspiration arrive. In designing our hotel, Raffles has created something elegantly contemporary – the perfect venue for meetings, events and unforgettable memories.

With spaces large enough for a car launch, yet small enough for the most intimate social gathering, Raffles Istanbul is ideal for any kind of event.

The story continues...
