IN THE HEART OF ALSACE

A few steps from the world famous "Petite Venise" and its traditional half-timbered houses, the hotel is nestled in the wonderful green setting of the "Parc du Champ-de-Mars" where Colmarians and visitors like to enjoy the shadow of majestic lime trees. A perfect localization in the center of Colmar, ideal to discover the most Alsatian city with incomparable charm and inestimable heritage.

THE JOURNEY TOWARDS INSPIRATION

Result of the collaboration of two architectural firms : AEA Architecture located in Strasbourg for the outside and Giros & Coutellier, located in Paris, for the inside. The building has been shaped, sculpted and inspired by the genesis of the work of Auguste Bartholdi, country child and creator of the Liberty Statue, who lighten the world. A spectacular and warm purity which merges and juxtaposes Art, Alsace and the natural surroundings.

An authentic elegance.

AN OUT OF TIME GASTRONOMIC PAUSE

Behind a large bay window, the JY'S restaurant by Kathia and Jean-Yves Schillinger, awarded with two stars by the Michelin Guide, welcomes you to an exceptional moment in a soft and contemporary atmosphere. In a privileged place where the Chef will offer you a unique gastronomic experience, through a cooking at his image, free, truthful and cosmopolite, mixing local product and flavors from around the world.
